

Find the **belt** you need
for the **Logistics & Distribution Industry**

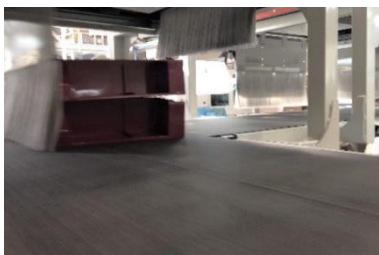

Our PVC and Felt Belts

Reveyron's selection of **conveyor belts in black PVC and in felt material** is a perfect fit for the conveying solutions in the logistics industry:

- Loading - Storage
- Accumulation - Ejection
- Elevators
- Sorting

The impregnation quality of the fabric **reduces noise and ensures an effortless** sliding on the beds. When you use these belts, you increase the conveyors' performance, you preserve the quality of your products and you make substantial savings.
